

Operetta to Be Postponed Until End of March

Harrisburg Host to Southern Illinois District Contest

Due to the fact that on February 28, Harrisburg will be host to the annual Southern Illinois district solo and ensemble contest, the operetta, which had been planned will be postponed until near the end of school. It was announced by Mr. John Schork today.

Eliminations for local piano entrants is tentatively set for Thursday February 12 while violinists will play it out on Monday, February 16.

Mr. Schork has chosen a girls' quartet composed of Martha Alice Clark, Betty Durham, Elizabeth Staiger and Helen Laird. Boys who will make up the male quartet are James Lands, Hershel Hancock, Fred Hubbs and Pat Sullivan. Mr. Schork announced Martha Alice Clark, Betty Durham, Helen Laird and Elizabeth Staiger as probable soloists.

Those who win first in Harrisburg will advance to the sectional at Granite City, Illinois, on March 14, at this contest. Two will be selected from each of the first place winners in every event to go on to the state meet. The location has not yet been selected for the finals.

Transfer Coach Into Mississippi

Don Pritchard, former member of the physical education department of the HTHS faculty, has been transferred from Montgomery, Alabama to Greenville, Mississippi, and is in charge of physical education for the flying field located in that southern city.

Don writes that the tempo of the air corps has been speeded up tremendously in the past few weeks. His job is to prepare air cadets physically and to see that they stay in the best of health.

Pritchard has promised some pictures of his new environment for publication in the Clarion, providing that no military objectives are included in the photographs. These will be printed when they reach our office, if they are passed by the censor.

College Choir Entertains Here

Students and teachers were entertained Monday afternoon by the A Capella Choir from Shurtleff College at Alton, Illinois.

The choir, directed by Harold Decker, sang five numbers. An added attraction was the novelty quartette composed of four boys. There are 38 members including Peggy Lentz, a former student of HTHS. The choir is now making a tour of Southern Illinois and sang at the Methodist church last night. During the Easter Vacation the choir expects to make a tour of Chicago.

THE PURPLE Clarion

VOLUME 18

HARRISBURG, ILLINOIS, FEBRUARY 6, 1942.

NUMBER 8

J. L. Chapp Succeeds A. L. Palmer

New Instructor To Assume Duties On Monday, Feb. 9

Mr. John P. Chapp has been selected to fill the vacancy as head of the Manual Arts department due to Mr. Palmer's resignation. Mr. Harry Taylor announced recently.

Mr. Chapp is 38 years old and is married. He graduated from Westville High School in 1927, attended Notre Dame, Illinois University, Bradley College, and James Milliken University of Decatur where he obtained his B. S. degree in 1929.

Assistant Coach

For his summer work he has gone to Butler, Purdue, Indiana State Teachers' and Stout Institute. During the past ten and a half years he has taught Manual Arts at Westville High School, Westville, Illinois, and also served as assistant coach for eight years and as advisor of the Boys' League there for three years.

Mr. Chapp participated in athletics at James Milliken University.

Resigns Job

Former Instructor Is Field Worker In Red Cross

Mr. Alfred Palmer, who recently tendered his resignation as head of the Manual Arts department of HTHS, has accepted a position with the Chicago Red Cross chapter as a field worker.

Mr. Palmer is now in charge of some 500 Red Cross instructors in that city and is now giving courses in first aid and water safety to those people under his jurisdiction. The City of Chicago has been divided into two parts for the instructor courses and the field work. Mr. Palmer will act as a liaison officer between the director of the Red Cross and the 500 instructors within his half of the city.

After graduating from Illinois State Normal University at Normal in 1936, Mr. Palmer was employed by the board of HTHS and has been an active member of the faculty since that date.

Only County Instructor

Palmer first became interested in the Red Cross in 1937 and since that time both he and Mrs. Mary Palmer, his wife, have donated much time in offering first aid and water safety instructions to residents of Harrisburg and Saline county. Until this past year he and his wife were the only Red Cross instructors in the county and it has been through his efforts that others have become interested in Red Cross instructorships.

During the past few years Palmer has served as sponsor of the Hi-Y Club and was assistant business manager of this year's Keystone.

Plays to Be Given In Observance of Natl. Drama Week

In an effort to create interest in and to observe National Drama Week, February 9-15, the dramatics department of HTHS has announced that it will present two one-act plays to be broadcast over WERQ and will also present another comedy to the student body during that week.

On Monday, February 9, at 8:15 p. m. the dramatists will broadcast "Lincoln Lifts the Barrel" over station WERQ. The cast includes Bob Perry, Stephen Smith, Junior Roberts, Jack Carnett, Earl McKinney, Fred Hubbs, Maryalycie Shell and Madeline Kish.

To Present Comedy

The Thespian players will also present a one-act comedy entitled "The Bird's Eye View of Mabel," before the student body sometime during the same week. This cast includes Charlene Wing, Earl McKinney, Stephen Smith, Raenella Bennett, Madeline Kish, Clara Hancock, Rosemary Eddy, and Jean Sullivan.

The Purple Curtain dramatics club will also present a one-act comedy over the air waves. This skit is entitled "Efficiency Expert." Students taking part in this production are Virginia Jones, Jean Sullivan, Kenneth Philo, Gail Thomas, Jack Chappell, and Tom Smith.

High Rankings in Civil Service Tests

Typing students have been ordered to forget the old way of grading tests and to grade their papers on the basis of the ratings of the Civil Service.

Most of the students have been rather slow in finding out that accuracy instead of speed is most important and therefore, the grades have been low. But some seemed to take the new method into their stride very easily. Those people, with their Civil Service rating are Mary Downen—98 1-2, Bobbie Boulden—100, Helen Oshel and Jackie Mullinix both rated 96 2-3. Those are Senior ratings. The Juniors are Glendean Reiner, Geneva Simpson, Norma Hanks, and Thomas Guest, all with a 95 rating. Evadean Rodgers—98, and both Virginia Jones and Nina Hooten with 100.

'What a Life' Cast Selected

Performance Date of Comedy to Be Thursday, March 19

Thursday, March 19, the Junior class will present the Henry Aldrich play, **What a Life**, under the direction of Mrs. Lolo Eddy.

The cast consists of twelve girls and eight boys. This is a play of high school students centering around the happenings of Henry Aldrich, the popular character made so famous by radio and screen.

Harold Owens will portray Henry Aldrich, Kathleen Crobo as Barbara Pearson, Howard Neville as the assistant principal, Mr. Nelson. Miss Shea, the office secretary, will be played by Nola Faye Finley. Miss Wheeler, the school teacher, will be Lois Abernathy; Gertie, a school girl, Louise Clayton; Mary, Betty Durham. Mr. Bradley, the principal, Eugene McCormick; George Bigelow, Harker Denny, Bill, Jr. Smith.

Jean Sullivan, Helen Mitchell, Fidella Doolin, Roberta Webb, Dorthea Perry, and Virginia Jones have not been cast as we go to press; however, they will have parts in the production.

Miss Lelia Johnson, sponsor of the Junior class, announced that Jack Prowell was probable candidate for business manager.

Keystones Will Be Issued During May

In the merry, merry month of May, HTHSites will be happy to know, the Keystones will be distributed to all who have made payments. The exact date of issuing the year books has not been decided upon.

Orders for padded covers reached their peak at 167, while the amount of the Keystone itself is approximately 555.

Local Students Help Conduct County Survey

Dr. Richard Beyers Heads Group Undertaking This Work

Sociology students have been asked to help conduct a sociological survey in Saline county, it was stated by Mr. H. B. Bauman, head of the Social Science department, recently.

Dr. Richard Beyers, professor of Sociology at Southern Illinois Normal University, Carbondale, is heading a committee undertaking this work. The actual survey is to be made by students of the teachers' college and local high school students composing the several different committees. Each committee is to have four members, two from each of the two educational institutions.

Eleven committees have been set up and include surveys on birth rate, number of school children per school district, school attendance, philanthropic activities, youth organizations, juvenile offenders, recreational facilities, dependency, divorces, health, and housing conditions.

Housing Committee Appointed

Only one committee has been appointed so far, Mr. Bauman stated. Magdalene Crawford, Ethel Brown, Marion Taylor, and Dorothy Hill have been selected as members of the housing committee. This committee is to give a demonstration of the work at the first meeting of the survey groups which was held in the Saline County Court House on the evening of February 3.

Miss La Rue Spiker, child welfare nurse for Saline County, has been placed in charge of the local survey and is cooperating with Dr. Beyers in undertaking this project. Miss Spiker is being helped by the local high school students.

"This type of work is excellent training in the field of sociology," Mr. Bauman said. "It gets the students out into actual contact with the problems we have been discussing in class."

Brings Problems to Group

"Too," he added, "it will do more than any book could do in bringing problems of a sociological nature closer to the comprehension of the group."

Instructions as to the manner in which the survey is to be conducted were issued by Dr. Beyers and Miss Spiker at the meeting held on February 3. This first meeting was held for the purpose of acquainting the town with the nature of the survey.

Home Rooms Give \$316 to Red Cross

Home room groups contributed a total of \$316.10 in the recent Red Cross drive carried on by the school, it was announced by Mr. Harry Taylor, principal.

The largest contribution was made by the band, under the direction of Mr. Everett Crane. This group gave \$19.10. To this amount was added five dollars by the office.

All of the home rooms made their contributions.

French Club Will Initiate Eleven at Mardi Gras Party

Eleven students were invited to become members of the French Club, January 28, and are to be initiated at the Mardi Gras party to be held February 12 or 13 at the home of Mr. Eugene Underwood, the club sponsor.

The new members to undergo the initiation ceremonies are Charles Arthur, Charlene Church, Jane Mitchell, Bob Partain, Betty Jean Pelhank, Bina Reynolds, Gwen Stricklin, Ollie Belle Warfield, Jean Sullivan, Shirley Short and Brennis Price.

Members are to come in costume and a general carnival spirit will prevail. Refreshments will be served by Carolyn Felts, Winona Walls and Henry Lafayette.

Debate Club Appears At Various Schools

During the past few weeks the Debate squad has been particularly busy presenting debates before the HTHS student body, the Marion High School, Ridgway High School, and the local Rotary Club.

Several other debates have been scheduled with nearby schools, Mr. Clarence Bonnell, sponsor, stated. Students who have been active in this extra-curricular activity are Josephine Lindsay, Jeane Jacobs, Dorris Hamby, Betty Dixon, Pauline Sheller, Betty Jean Pelhank, George Kurto, A. O. Hancock, Charlotte Neville, Fidella Doolin, and Vernell Barger.

Give Us A Job

We are willing to do our bit in the effort to make every force in this country work to the common end of winning the war. We know some of the small, but important, ways in which we can help; but how will it help to lengthen our school day or school week?

They say that it will release pupils for work on defense projects; but what are the defense projects upon which grade and high school students are working, or will be working? They are too young to go to work in the plants that are engaged in vital industries. It is true that men are being taken from civilian occupations for these jobs and some one else has to do them. How many of our pupils would have an opportunity to take their places? How many farmers could use high school boys and girls in April and May?

There is a limit to what human beings can do, and do efficiently. They found that out in England in the factories. The people were willing and anxious to work long hours in order to help. But beyond a certain point, it overtaxed their strength, and the war effort actually suffered more from lost working hours due to sickness than it would to work fewer hours.

There is likewist a limit to how much one can learn in a definite length of time. Will those few added hours a week take the place of the few weeks time that will be cut from the school year?

However, we are willing to make the attempt to learn more in a shorter time if we have a job to do when we get out. What are those jobs they want us for? If there is not anything we can do, we shall only have more time to loaf, and our parents will have the problem of what to do with us those extra weeks.

The authorities have said that the best thing that students can do is to make the best of their school work so that they will be well prepared to carry on when their time comes.

Will it help to shorten our education? If it will, let us do it, by all means; but please tell us what we can do after that.

Give us a job, and we shall put our best into it!

Sailing Past Life

An American thinks he is an American today if he has three telephone receivers on his desk, is smoking a cigar, dictating a letter, and is keeping three of his friends waiting while he is talking long distance. We feel today that we are wasting our time if we are not doing three or four things at once. I wonder if our creator ever wanted us to get a haircut, a manicure, a shine, and read a funny book all at the same time? Did He ever think of us going to the beach with the Sunday paper, four magazines, a beach ball, an old rubber tireless umbrella, a portable radio, and a camera?

How can we know what good apple pie tastes like, if we eat it "a la mode", between puffs of a cigarette, listen to a piece of jazz, and shout through the clatter of dishes across the table to your friend? As for the schools, they are keyed to a three-time tempo. Educators have added new subjects to the curriculum until time which can be spent in any one class is measured in crowded minutes. The girls have more appointments in a week than their father has in a year—even though he is a big banker. They rush from the hair-dresser to their dancing teacher, then to their piano lesson. They dash from a movie to a sorority party.

Why not pause and say, "I'd like a chance to do one thing at a time some of the time." Only by sticking to one thing can we ever savor life fully.

Could We Be Proud?

Visitors come to our school and usually go away with a favorable impression of our school and its attitude. However, there are times when I would prefer they didn't walk through our lower hall.

During noon periods in some locations (namely between B and C lower hall) it is more than a little difficult to wriggle through the crowd. Not that there is any objection to the group gatherings, it is a fine thing, but it would be a good idea if they would scatter themselves out so that passers-by could get through without arriving on the other side feeling as though they had just made a visit to a bargain basement at Christmas time.

Meet the Faculty

Mr. Underwood

Paris in Spring!

Not many of us will ever get to France but at least that true Continental spirit prevails in the classroom of Mr. Eugene Underwood, French instructor for the past five years.

Before coming to this school Mr. Underwood taught French in the Extension division of the Butler University in Indianapolis, Indiana, where he received his A. B. degree. His Masters' degree was obtained from Duke University at Durham, North Carolina.

One of his greatest desires is to teach Spanish in this high school because the students will probably have more of a chance to speak Spanish than French. The other desire is to visit France (if there is one after the war) and spend some time there studying the customs of the people.

He enjoys reading papers and magazines, music and art criticism, clipping papers, and newspaper work. He uses these clippings for discussion in his French classes every week.

Believe it or not, he once won a prize for character acting while he belonged to the Dramatic Guild in Indianapolis.

The French Club of which he is sponsor has done quite well under his direction by taking several first places in the yearly contest at Carbondale. He is also faculty sponsor of the Purple Clarion.

The School Bus

I guess I might as well start our little journey to nowhere by introducing you to a new passenger. To the boys—she is a blonde; to the girls, she is competition. Her name is Jean Haley, from Val-praiso, Indiana, a senior, and blonde. I didn't get close enough to see the color of her eyes, but you can ask Novle McKeel. Enough said!

And to those girls who had severe palpitation of the heart when they say "Dyke" at the game, let me tell you that he has a girl. CURSE THE LUCK! All's fair in love and war—and right now I ain't talking about war, so take your pick.

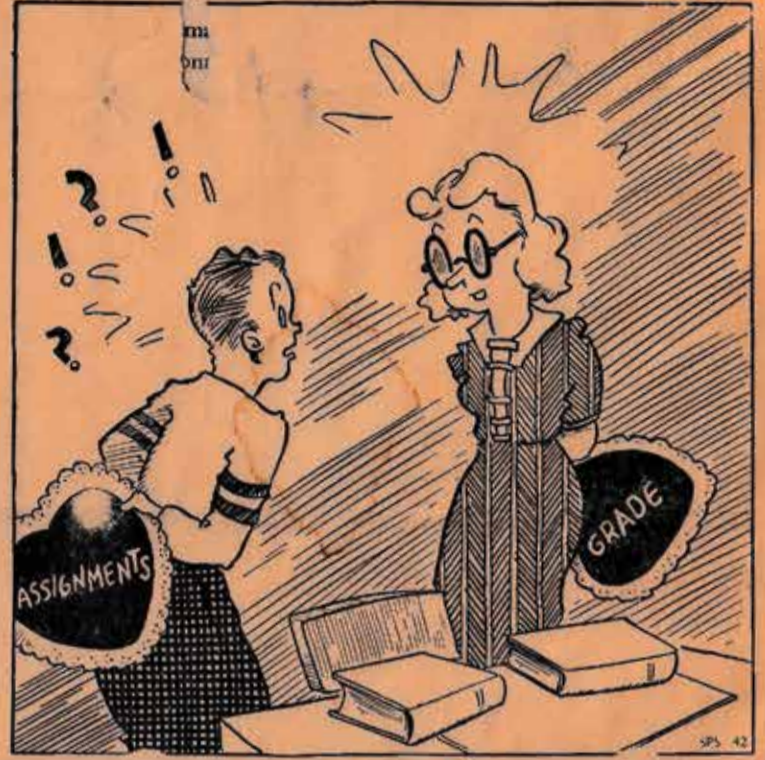

Not mentioning any names, but one HTHSite went to a barber shop and the barber asked him if he wanted a hair cut or just the oil changed.

Donna Jackson is learning her ABC's again. Her favorite letters are L E. I guess that is why she is always looking for the kids from Eldorado, and they are surely not hard to find around here.

Among my fan mail—ahem!—I received a special request to acknowledge Mr. Manders basketball squad. This request was signed, Warfield, Stricklin, and Azar. THEY say that THEY are good.

"Little Boy" Jones, Harry to you, tries to hold Coleen Clark's hands all the time. His mother don't think he is old enough to go with girls, so — well, anyway, Collen likes to drive around in her car—with her friends.

Come Across

LINE-O-TYPE

By JOAN CATLIN

I wish that I could be an egg,
As bad as an egg could be,
And if I was a little egg,
I'd be up in a tree.
And then I wish that you would come,
And stand beneath that tree,
And I would up and bust myself,
And splatter thee, with me.

Little Willie seeking fun:
Sawed his legs off one by one.
"No more stockings" said his dad.
"Willie's such a saving lad."

I have stewed kidneys, boiled tongue,
fried liver, an pigs feet.
Don't tell me your troubles,
bring me a ham sandwich.

A honeymoon is the morning
after the knot before.

I went to Cupids retreat
I wandered over the sand,
The moon rose over the water,
And I held her little—parasol.

I held her little parasol,
Goodness me, how times flies,
The night was very lovely,
And I gazed into her—lunch basket.

I gazed into her lunch basket,
And I longed for just a taste,
Then I sat beside my girl,
With my arm around her — umbrella handle.

With my arm around her umbrella
Of that that charming little miss,
The moon stole over the water,

"I'M IN THE ARMY NOW"

"Dear Mom:"
I've got "Time on My Hands" before "Lights Out" so I'll drop you a line to let you know "I Can't Forget You." I surely "Miss You" and "Ma, I Miss Your Apple Pie," too. "They're Making Me All Over in the Army" but "When This Cruel War is Over" "I'll Return Mother Darling to You."

The "Moon Over Hawaii" reminds me of "The Girl I Left Behind Me." Tell her I dream of her "From Taps 'till Reville" since "I'm in the Army Now."

"I Am An American" and we'll always "Keep 'em Flying" with our "21 Dollars a Day — Once a Month." The "Bugle Call Rag" has just sounded so I'll have to say "G'bye Now."

"Jim"

P. S. "Tell the Folks Hello."

And I shyly stole a—sandwich.

Fashions from Friedman's

By Helen Oshel

School days, School days
School days, school days,
Dear old Golden Rule days,
Reading and writing and 'rithmetic,
Taught to the tune of a hickory stick,
You were my queen—
But why not, you always wore clothes that came from Friedman's.

Without a doubt, my dear friends, you will look good enough "to eat" in the Super-Duper-Deluxe Spring styles that can be purchased only at Friedhan's.

Pastels are the rage. Gorgeous plaids are always at the top of any girl's "must have" list. The new spring suits have "just arrived" and are just simply "breath taking."

Jeanne Francis, one of the beautiful blondes of HTHS, is also smart. Miss Francis says, quote, "Friedman's just can't be beat for their new and lasting styles."

Norma Jean Yarbrough looked positively radiant in the new pastel blue dress she purchased from Friedman's.

Bonnie Rushing is always rushing to Friedman's for her skirts and sweaters.

Gertrude Cavender and Charlene Wing are two of Friedman's ardent visitors.

Alice Evans gets her dresses, skirts, sweaters, and pajamas from Friedman's. Alice always looks fresh and charming. No wonder she is in the charm club.

If I haven't given you enough proof, the thing for you to do is "Come up and see us some time, at Friedman's."

Marion 'Cats Act as Host to Canines Tonight

Centralia and West Frankfort Are Foes For Next Week-end

Marion's Wildcats play host to Coach Ken Hoeck's Bull Dogs tonight as the Hoeckmen attempt to run their victory string to two straight over the Williamson county five.

Harrisburg was victor by four points in the first tilt between the two schools January 6 after the Canines had overcome a ten-point lead late in the first period and a six-point half time margin.

Bill Carlton, guard, was the kingpin of that first quarter attack with eight points, his total aggregate of the encounter.

The Cats have employed a zone defense this year and, as in every other year, Marion has several one-hand shot artists.

Centralia and West Frankfort are the Bull Dog foes next week-end in what is easily the toughest week-end of basketball this season for Coach Hoeck's boys.

Frankfort and Centralia are both big favorites over the Hoeckmen as a result of their decisive victories earlier in the season.

The Cardinals to be played February 13 on their home floor should be even tougher than they were in the local gym.

The Red Birds battle should be a slightly closer affair on the local hardwood than was the game on the foreign hardwood.

Harrisburg Loses Conference Tilts To Centralia, Herrin

Dwight Eddleman, Centralia's super-athlete, hit the basket for 31 points while his fellow Cardinal cagers were hitting for 16 more in defeating the Bull Dogs, 47-27, in a conference tilt on the home floor, Jan. 31.

Hunsinger held Dike to six points in the initial stanza and five in the third canto but the rest of the time the "superman" of Illinois basketball ran wild.

Hunsinger was high point totaler for Harrisburg with 10 points, only two of which were scored in the last half. Franks was the Canine star of the final two periods, scoring 6 points and being tops among the Hoeckmen on all-around play. Bill hit the hoop for nine points during the game.

The Pups lost to the junior Cardinals, 26-24, in a preliminary encounter.

We Try Again Next Week

Harrisburg players gather underneath their own basket as Hunsinger shoots a long one and makes it. But the rest of the time none of the team seemed to be hitting as the Red Birds swamped the Bull Dogs beneath a 47-26 score. The Hoeckmen have another chance to redeem themselves a week from tomorrow night when they play the league leaders on the local hardwood.

Rams Beat Dogs, 45-26

Hoeckmen Are 35-23 Victors Over Benton Here Saturday 30

Paced by Junior Kirk, who scored 18 points, Mt. Vernon defeated the bull dogs, 45-26, in a conference title on the Vernois floor.

Kirk ran wild in the first half and the last period, scoring all of his points then, but Glen Dowdy held him down during the third quarter when Harrisburg was playing its best ball.

The Canines were slow and listless during the first half, but coming out for the second half they began to speed things up and, as a result, scored 8 points to the Rams' three.

Bill Franks was outstanding in team play and in his "do or die" spirit that did not characterize the whole team, especially during the first half.

The Rams led 13-6 at the quarter, 24-8 at the half and 27-16 at the end of the third period.

Following Junior Kirk in the scoring race were, Calvin Kirk with 8 points, who was badly off on all-around play, and Hunsinger and Shaw with 7 markers. Dowdy and Davenport each had 6 tallies.

Harry Harper's field goal gave the Pups a 35-34 overtime victory over the junior Rams, composed mostly of varsity members and freshmen. Jimmy Stricklin was high point man for the evening.

Prowling Around

By JACK PROWELL

LOOK Magazine recently carried pictures of the renowned Dwight Eddleman of Centralia along with a story of the "Centralia Superman." The author of the article was Tom Meany, sports editor of the New York daily, PM. Dike set his scoring record for one basketball game against the Bull Dogs in the season of 1939-40 with 43 points.

Found: The secret of Eddleman's success. Lots of ability, and I do mean plenty, plus a fighting spirit. His ability as a high jumper gives him an edge on rebounds and he really uses it. At least half of his points were made on rebounds from his own shots.

A white line has been painted on the cage floor inside which a player must not be when his team brings the ball in from out-of-bounds. If a cager commits this foul the opposing five gets possession of the ball. This ruling caused the locals quite a bit of trouble at the Herrin game with the boys losing the ball several times.

A certain person who attends all of the Harrisburg games both here and there has complained to me

about the students being fair-weather friends to the team. "They quit yelling as soon as the team gets behind a few points, although the cheer leaders do their best to get them to yell," says this person.

Is It True

By G. THOMAS

That James Lands already knows everything that is in his American History book? At least, that's the story he tells.

That J. A. can't make up his mind? Does he want school girls or don't he.

That David Flota has found new interests in Dorris Heights? Just ask Betty Lockwood.

That the cute newcomer, Jean Haley, is homesick? You boys must be slipping.

That Red Davis would like very much to take Haleen Reiner out riding in that "Chivvey"? Better learn to drive first, Red.

That Sammy Leberman wears his glasses to bed so he can see his dreams better? Must be some dreams.

That Libby Staiger is carrying the torch for a certain tall, blonde, senior boy?

That Bob Favreau doesn't know that a certain Senior girl's time is already occupied?

That Virginia Jones lives for those twice-a-day phone calls?

That Roger Davis' chief interest is Faye Helleg?

That a bunch of girls from Mitchellville wait anxiously for a flashy green car that comes from Carrier Mills? I understand that it parks out in front of the school practically every day at noon.

Guess Who?

She is tall, has blonde hair, and blue eyes. Her two main ambitions are not to be an old maid and she aspires to acquire the looks of Lana Turner.

Enjoys—popcorn, ice cream, and music sweet and sentimental. Wants to see boys who shave—otherwise they are "sissies." At present she is slightly available to the proper availables since Wayne is away in Washington. Her pet peeve is her own frequent blushing. SUPERMAN is her favorite fiction character.

You know her as Lowell Secretary, senior honor shark, one of
